

Option 1: NO CUT

With this option you will receive the selected sheet, printed but **without any kind of cutting**. This may be the most economic option in many cases, but bear in mind that you will have to cut-separate all pieces later on your own.

The screenshot shows the 'How to buy [+]' section of the ordering interface. The 'Standard Size' is set to 'Rectangular' with dimensions '48" x 96"'. The 'Quantity' is '1 Units'. The 'Printing Material' is 'Coroplast, Standard, 5/32" (4 mm), Whit'. The 'Cutting' dropdown menu is highlighted with a red box and shows the selected option: 'I will cut it myself / No cut needed'. Other options in the dropdown include 'Square Cut Included / NO extra fee', 'Contour Cut, Simple Shape, Thin Rigid Material', and 'Contour Cut, Complex Shape, Thin Rigid Material'. An inset image shows a physical sign with the text 'NO CUT' and 'WHAT'.

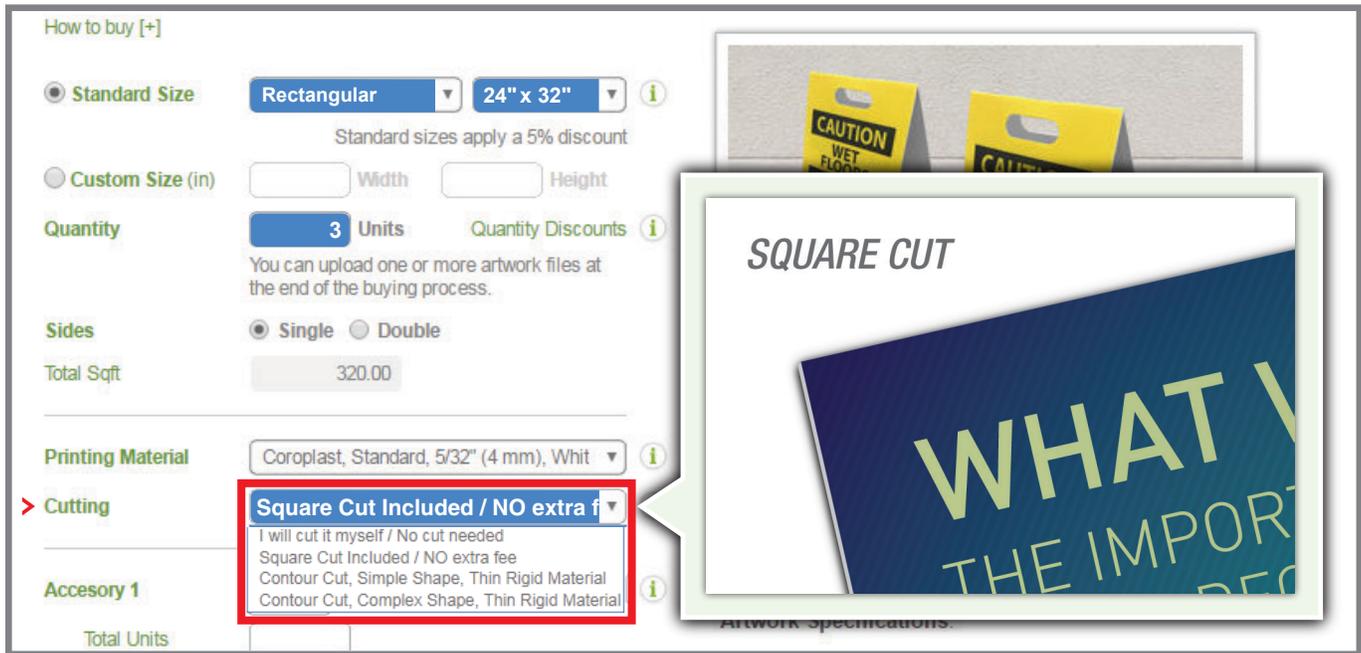

Note: The maximum sheet size available to be sent by UPS is of 36" x 46". If you select larger sizes, you will have to choose local delivery or local pickup as shipping option.

Example: Sheet Size 48" x 96"

Option 2: SQUARE CUT

With this cutting option you will receive your graphics, printed and cut at the specific size you have requested and ready to be delivered to your clients. This option is suitable **ONLY for Square and Rectangular pieces with square corners** and is ideal when you have several pieces with the same size.

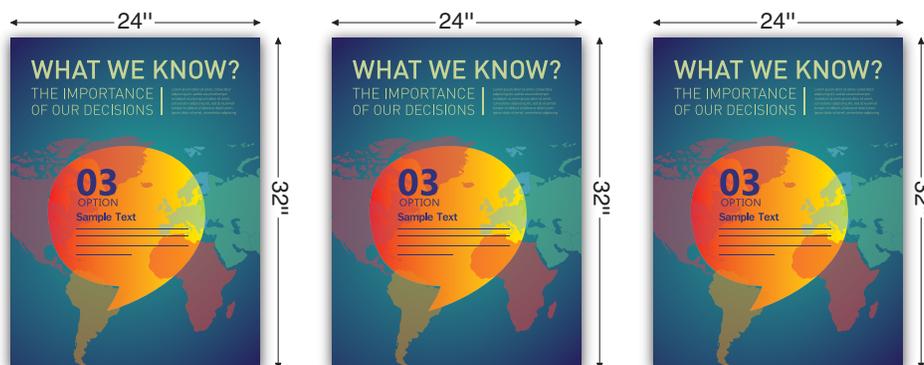

The screenshot shows the 'How to buy' interface. Under the 'Cutting' section, the dropdown menu is open, showing the following options:

- I will cut it myself / No cut needed
- Square Cut Included / NO extra fee** (highlighted with a red box)
- Contour Cut, Simple Shape, Thin Rigid Material
- Contour Cut, Complex Shape, Thin Rigid Material

Other visible options in the interface include 'Standard Size' (Rectangular, 24" x 32"), 'Quantity' (3 Units), 'Sides' (Single), 'Printing Material' (Coroplast, Standard, 5/32" (4 mm), Whit), and 'Accessory 1'.

Note: The maximum sheet size available to be sent by UPS is of 36" x 46". If you select larger sizes, you will have to choose local delivery or local pickup as shipping option.

Example: Rectangular Pieces (3 units)

Option 3 : CONTOUR CUT - SIMPLE SHAPES

With this cutting option you will receive your graphics printed and cut, at the specific size and simple shape you have requested, and ready to be delivered to your clients. This option is suitable specifically for Circular/Ovals pieces and Rounded Squares/Rectangles.

The screenshot shows the YouSendWePrint ordering interface. On the left, there are several sections: 'Standard Size' (set to Rectangular, 32" x 48"), 'Custom Size (in)' (with Width and Height input fields), 'Quantity' (set to 3 Units), 'Sides' (set to Single), 'Printing Material' (set to Coroplast, Standard, 5/32" (4 mm), Whit), and 'Cutting' (highlighted with a red box). The 'Cutting' dropdown menu is open, showing options: 'I will cut it myself / No cut needed', 'Square Cut Included / NO extra fee', 'Contour Cut, Simple Shape, Thin Rigid Material', and 'Contour Cut, Complex Shape, Thin Rigid Material'. To the right, a preview window titled 'CONTOUR CUT SIMPLE SHAPE' displays three examples: a circular sign with a colorful geometric pattern, an oval sign with a colorful abstract swirl pattern, and a rectangular sign with a restaurant menu design. A white speech bubble points to the menu sign, indicating a rounded corner cut.

Example: Simple Shapes are Circles, Ovals, Rounded Squares and Rounded Rectangles.

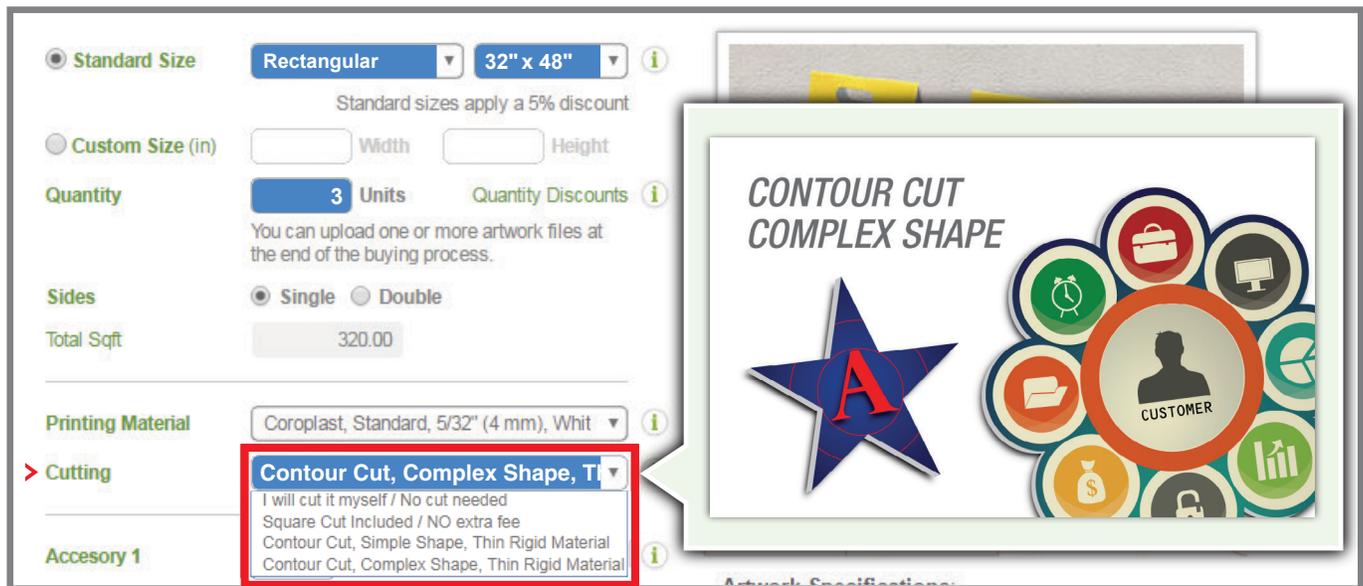

Note I: Remember to send us the Countour Cutting File as well. For this purpose, you can check online our guide: "How to Prepare Files with Contour Cutting" at Specs & Template section.

Note II: The maximum sheet size available to be sent by UPS is of 36" x 46". If you select larger sizes, you will have to choose local delivery or local pickup as shipping option.

Option 4 : CONTOUR CUT - COMPLEX SHAPES

With this cutting option you will receive your graphics printed and cut, at the specific size and complex shape you have requested, and ready to be delivered to your clients. This option is suitable specifically for customized figures with irregular shapes.

Standard Size Rectangular 32" x 48" Standard sizes apply a 5% discount
